Re: Radiation – Standard Products Superfund Site

Dear Mr. Phillips:

In response to your letter dated April 27, 2012, to Denise Roberts, the staff attorney for the above captioned Site, I as the On-Scene Coordinator have talked to you and am planning on visiting you at the above Site for a site walkthrough this Thursday, May 10, 2012. I will be meeting with you to review the removal procedures that the U.S. Environmental Protection Agency will follow in conducting the removal action at your property, the above-named Site. The removal action is expected to occur this summer.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Schademann".
